

## Tasks for the 71th European Competition 2023/24:

# Europe (un)limited

### Module 1 (1st to 4th grade)

#### 1. **Europe without borders – animals on track**

Whether migratory bird, reindeer, bear or whale - in Europe there are many animals that travel long distances crossing different European countries. Take us with you on a journey through the continent!

#### 2. **Bridges connect!**

Bridges help us to overcome obstacles and borders and they connect people with each other. Which connection or encounter makes your bridge in Europe possible?

#### 3. **Mission Europe!**

Imagine you are traveling with your spaceship into space to introduce "Europe" to aliens. What do you take with you? Let's get started on your mission!

### Module 2 (5th to 7th grade)

#### 1. **A journey through Europe**

You cross national borders with your friend on a flying carpet. What do you experience together in Europe?

#### 2. **Fableous!**

In fables, borders between people, animals, plants and things become blurred. Create a fabulous European fable and/or a European mythical creature.

#### 3. **Blow up the frame**

Grab an object from a European painting and bring it to life.

### Module 3 (8th to 10th grade)

#### 1. **Grasp the nettle**

Sometimes we lack the courage to make changes. Show how you have already overcome limits and thus were able to make new experiences.

#### 2. **The digital self**

We have social lives in real and digital worlds. Show in a creative way how your online life and your offline life influence each other.

#### 3. **Migration crosses borders**

Migration has always existed. Europeans also went to other countries and had to cross borders, rivers or cultural worlds. Make those visible

## Tasks for the 71th European Competition 2023/24:

# Europe (un)limited

---

### Module 4 (Upper School / 11th grade)

**1. The EU - just a helping hand?**

The EU strives to promote the development of poorer countries. Is the EU just a helping hand for these countries or do its own interests prevail?

**2. Smart villages**

Illustrate ideas on how rural development can be advanced for the young generation in Europe and present concrete possibilities for implementation.

**3. The sky is (not) the limit**

Satellites, transmitters, space stations - examine the challenges of the seemingly limitless use of space from a European perspective.

### Special task (open for all ages and group sizes)

**Europe - only from 16?**

We are all Europe - you are part of it. Use your opportunities to help shape Europe. Get active!
